EDUCATION

Jiwaji University — Gwalior, India
Bachelor of Science in Computer Science — *Aug. 2023 – May 2026 (Expected)*

Govt Ex Higher Secondary School — Gwalior, India
High School/Secondary Certificate Programs — *June 2019 – May 2023*

EXPERIENCE

100xDevs - Report Portal | Live Link *Freelance Project*
- **Tech Stack:** Next.js, TypeScript, MongoDB, Tailwind CSS, Framer Motion, Shadcn UI, Docker.
- Developed and launched a platform for **reporting digital piracy**, allowing users to report pirated content and receive rewards for valid submissions.
- Achieved **4,000 user visits** within the first 3 days of launch, demonstrating rapid user adoption and platform engagement.
- Processed over **500 reports** of pirated content, significantly contributing to the reduction of digital piracy.
- Collaborated with a cross-functional team to design and implement features that enhance **user experience** and engagement.

PROJECTS

Buy Me A Tea | Live Link
- **Tech stack** - Next.js, TypeScript, PostgreSQL,Tailwind CSS, Zustand, Shadcn UI, Kinde Auth, Docker
- Developed **personalized user profiles** with bios and social links, fostering creator-supporter interaction and effectively showcasing work.
- Implemented a system allowing supporters to easily purchase **tea** for creators, providing sustained support.
- Enabled tea purchases through **UPI** by scanning a **QR code** and making payments via payment gateways like Paytm, PhonePe, or Google Pay.
- Used **Docker** to containerize the application, ensuring consistent deployment across various environments.

Motion | Live Link
- **Tech stack** - Next.js, TypeScript, Tailwind CSS, Convex, Zustand, Clerk Auth, Vercel
- Built a **Notion-inspired productivity application** designed to streamline workspace organization and collaboration for diverse user needs.
- Implemented a feature allowing users to create custom documents within "Motion" and securely share them with friends, enabling **view-only access** for privacy and control.
- Integrated a **user authentication system** using Clerk, facilitating easy and secure logins for users.
- Deployed the application on **Vercel** for seamless updates and fast performance across different regions.

Jain Cloths | Live Link
- **Tech stack** - React.js, JavaScript, MongoDB,Tailwind CSS, Redux Toolkit, Clerk, Vercel
- Developed an **e-commerce platform** for Jain Cloths to enhance online shopping and store management.
- Implemented features for **product listings**, **secure payments**, and smooth **checkout processes**.
- Integrated a **user authentication system** using Clerk, facilitating easy and secure logins for users.
- Deployed the application on **Vercel** for seamless updates and fast performance across different regions.

TECHNICAL SKILLS

Programming Languages: C++, JavaScript, TypeScript
Web Development Frameworks: React.js, Next.js, Express.js, Node Js
Developer Tools: GitHub, Docker, VS Code, Postman
Design and UI Tools: Figma, Tailwind CSS, Shadcn UI
ORM and Database: Mongoose, Prisma, MongoDB,PostgreSQL
